PG- NUTRITION AND DIETETICS

PROGRAMME OUTCOME – PO

Academic Year: 2017-2018

Programme Outcomes (POS)

The students graduating with the Degree M.Sc will be able to:

PO 1: Disciplinary Knowledge

Discover scientific knowledge and understanding of basic concepts and principles.

PO 2: Creative Thinking and Practical Skills / Problem Solving Skills

Develop problem-solving competencies in life skills

Apply problem-solving competencies in life skills to draw logical inferences from scientific experiments/ programming and skills of creative thinking to develop novel ideas.

Discover professional and entrepreneurial skills for Economic empowerment of self and community

PO 3: Sense of inquiry and Skill development

Connect professional skills in foods and nutrition, textiles Science, housing, product making, communication technologies and human development and to plan execute and express the results of experiments / investigations

Correlate the scientific innovations from lab to the society

PO 4: Ethical Awareness / Team Work

Appraise them for conducting work as an individual / as a member, or as a leader to ensure academic integrity.

Prioritize the team works for the well-being of future generation.

PO 5: Usage of Science and Technology in Empowering Individuals

Invent the application of science and technologies in improving the quality life of the individuals

MUSLIM ARTS COLLEGE , THIRUVITHANCODE
DEPARTMENT OF ARTIFICIAL INTELLIGENCE
PROGRAMME OUTCOMES

PO1: Disciplinary knowledge: Capable of demonstrating comprehensive knowledge and understanding of one or more disciplines that form a part of an undergraduate Programme of study

PO2: Communication Skills: Ability to express thoughts and ideas effectively; Communicate with others using appropriate media; confidently share one's views; demonstrate the ability to listen carefully, read and write analytically, and present complex information in a clear and concise manner to different groups.

PO5: Analytical reasoning: Ability to evaluate the reliability and relevance of evidence; identify logical flaws and holes in the arguments of others; analyze and synthesize data; draw valid conclusions and support them with evidence and examples, and addressing opposing viewpoints.

Public Administration

Programme Outcome

At the end of the Programme the students can attain the following.

1. The students are able to get the ideas of different administrations.
2. The students know the different administrations.
3. The students are able to understand the government policies and their achievements and failures.
4. The students are knowing the modern political system and its functioning.
5. The students may in role in the best practices in Administration.
6. Students will be involved in the peer groups, political groups.
7. Students will be well versed in human rights administration.
8. The students may identify the labour welfare programmes and its problem and remedial item.
9. The students may focus on civil service in India and other competitive examinations.
10. Students will be management water land pollutions land slide earth quakes etc.

MUSLIM ARTS COLLEGE, THIRUVITHANCODE
DEPARTMENT OF BUSINESS ADMINISTRATION

PROGRAMME OUTCOME

S.NO	OUTCOMES
01	Upon completion of the BBA program, the individual must demonstrate maturity, professionalism and team working skills.
02	Upon completion of the BBA program the students will have general idea of operations in business.
03	Upon completion of the BBA program, the individual will have specialized skills to deal with area specific issues of concern.
04	Upon completion of the BBA program, the individual will be able to apply technological know-how for business advancements.
05	Upon completion of the BBA program, the individual will be capable of analysing, investigating and solving critical business issues.

Program Educational Objectives

- To develop students professionally to handle business issues.
- To develop students to be a better team worker.
- To bridge the gap between theoretical and practical knowledge of the students by adopting innovative teaching pedagogy.
- To develop socially, ethically responsible business leaders.
- To sharpen soft and hard skills among the students.
- To promote entrepreneurial skills among students.

DEPARTMENT OF B.COM CORPORATE SECRETARYSHIP

PROGRAMME OUTCOME

Programme code: 07CR Course Code :1303

B.com. Corporate Secretaryship is one of the branch of commerce, aims to acquire knowledge about formation of a company it includes the incorporation of a company preparation of memorandum of Association, articles of association, issue of prospectus various kinds of share capital. Students also understand the appointment of directors, meeting of share holders, maintaining books of accounts and understand principles of minority role in a company.

This programme acquire knowledge about the types of company secretaries their rights, liabilities of powers, the promotion and commencement of business and knowledge about working of stock exchange. Students understand rights liabilities members, the requisites of board of meeting and the secretary have knowledge about to analysis statutory report and conduct different kinds of meeting.

The students understand the nature, and features of indirect taxes contribution to government revenue, taxation under the constitution and understand merits and demerits of indirect taxes.

The students impart knowledge and develop understanding of research methodology and its application the students also know various methods of data collection and its interpretation to develop analytical skill in generalities things of concepts.

MUSLIM ARTS COLLEGE, THIRUVITHANCODE

DEPARTMENT OF BBA WITH AVIATION MANAGEMENT

Programme Outcomes (PO):

The program learning outcomes of BBA in Aviation Management are:

- **Students understand the fundamentals of the Aviation and Tourism Industry.**
- **Students are able to upgrade their skills for Airport and Airline Operations**
- **Students can analyze and evaluate the role of Regulatory Authorities in the Aviation Sector**
- **Lastly, students can also analyze business cases and their impact on the Aviation sector.**

Moreover, the curriculum of the program aims to provide students with high-quality business education with a focus on the aviation industry. The curriculum is carefully designed to integrate core business courses with a specialized focus on airline and airport management.

The students get provided with learning courses that blend classroom lectures with group activities, seminars by industry experts, (few courses delivered by IATA certified trainers) and practical internships. This is a combination that ensures that graduates get well prepared for employment in the business and aviation-related fields and also get qualified to pursue graduate education.

MUSLIM ARTS COLLEGE
THIRUVITHANCODE-629174
DEPARTMENT OF B.COM HONOURS
2021-2022

PROGRAMME OUTCOMES:

Students at the time of graduation will be able to

PO1: To gain thorough systematic and subject skills within various disciplines of finance, auditing and taxation, accounting, management, communication and computer.

PO2: To acquire practical knowledge to take up the task of accounting professionals.

PO3: To serve as a launch pad for professional programmes like CA, CMA and ACS.

PO4: To demonstrate progressive learning of various financial issues related to individuals and businessmen to setting up their own business start-up.

PO5: To do their higher education and can build their career as business professionals.

PROGRAMME OUTCOME

B Sc Mathematics

General Programme Outcome

- Enabling students to develop a positive attitude towards mathematics as an interesting and valuable subject of study.
- A student should get a relational understanding of mathematical concepts and concerned structures, and should be able to follow the patterns involved, mathematical reasoning.
- Ability to analyze a problem, identify and define the computing requirements, which may be appropriate to its solution.
- Introduction to various courses like group theory, ring theory, field theory, metric spaces, number theory.
- Enhancing students' overall development and to equip them with mathematical modeling abilities, problem solving skills, creative talent and power of communication necessary for various kinds of employment.
- Ability to pursue advanced studies and research in pure and applied mathematical science.

Programme Specific Outcomes

- Think in a critical manner.
- Know when there is a need for information, to be able to identify, locate, evaluate, and effectively use that information for the issue or problem at hand.
- Formulate and develop mathematical arguments in a logical manner.
- Acquire good knowledge and understanding in advanced areas of mathematics and statistics, chosen by the student from the given courses.
- Understand, formulate and use quantitative models arising in social science, Business and other contexts.

Dr. J. Blessed Singh, M.Sc., M.Phil., Ph.D.,
H.O.D. of Mathematics

MUSLIM ARTS COLLEGE

THIRUVITHANCODE

P.G & RESEARCH DEPARTMENT OF HISTORY

P.G HISTORY

Programme Outcome

- The students will have acquired life skills and become ethically and socially responsible citizens
- The students will become knowledge creators
- The students will be equipped to pursue higher studies and do research
- The students will acquire the skill of analyzing and interpreting data
- The students will be empowered to understand problems in the field and find solutions for the same
- The students will acquire participatory and administrative skill
- The students will gain technological and communication skill

PROGRAMME SPECIFIC OUTCOMES

PSO1: Students are expected to acquire accurate knowledge in history, including the major premises of modern south India, Indian History, History of Europe, World Civilization and Indian constitution.

PSO2: Students are also expected to develop written and oral communication skills in History related Topics.

PSO3: Students should developing writing skill by the paring assignments.

PSO4: Students should develop their skill of oration by conducting seminar. Separate topics are allowed to individual students.

PSO5: Apply conceptual understanding of History to general and real – World situations.

PSO6: Describe the Methodology of history and the relationship between History and other subjects.

PSO7: Students will realize and develop and understanding of the impact of History and Society.

MUSLIM ARTS COLLEGE, THIRUVITHANCODE

DEPARTMENT OF MATHEMATICS

PROGRAMME OUTCOME

M. Sc. Mathematics

General Programme Outcomes

At the end of Post Graduate programme, a student will have obtained:

- Attained profound expertise in discipline.
- Acquired ability to function in multi disciplinary domains.
- Attained ability to exercise research intelligence in investigations and innovations.
- Learnt ethical principles and the committed to professional ethics.
- Incorporated self - directed and life - long learning.
- Obtained ability to maneuver in diverse contexts with global perspective.
- Attained maturity to respond to one's calling.

Programme Specific Outcomes

At the end of M.Sc Mathematics, a student will have developed:

- Develop a strong base in theoretical and applied mathematics.
- Acquire their analytical thinking, logical deductions and rigor in reasoning.
- Apply the tools to model the problems mathematically, analyze data quantitatively and create the ability to access and communicate mathematical information.
- Acquire knowledge in reason developments in various branches of mathematics and thus pursue research.

**P.G & RESEARCH DEPARTMENT OF ZOOLOGY
MUSLIM ARTS COLLEGE - THIRUVITHANCODE**

B.Sc - ZOOLOGY

Programme Specific Outcomes (PSOs)

Upon completion of B.Sc., Zoology programme, the student will be able to

PSO1 – Analyse and communicate fundamental concepts in Zoology

PSO2 – Apply practical skills in the specific field in Zoology

PSO3 – Practice bioethical principles in profession and life

PSO4 – Identify, formulate and find solutions for complex environmental problems and epidemiological and health issues for the betterment of sustainable development pertaining to a local community

PSO5 – Explore their knowledge and acquired skills to access the qualitative and quantitative approaches using statistical packages for analysis and interpretation

PSO6 – Clear competitive examinations in par with all levels

PSO7 – Fulfil the needs of the society as Teachers, Professors, Research in Institutes and Biotech companies, Biological data analysis, Wild life biologists, Zoo keepers, Curators of natural history museums, Lab technicians, Water quality analysis etc.

PSO8 – Support and be a part of natin building initiatives as an employee or an entrepreneur.

MUSLIM ARTS COLLEGE

DEPARTMENT OF COMPUTER APPLICATIONS

<p>PROGRAMME OUTCOME</p>	<p>An capability to apply knowledge of compute and mathematics right to the programs student outcomes and to the authority. An capability to analyze a problem and adding file and describe the computing necessities proper to its solution. Then an ability to design apply and evaluate a computer based system, process, component or program to meet desired needs. An ability to function effectively on terms to accomplish a common goal. An understanding of professional, ethical , legal, security and social issues and responsibilities. An capability to use current techniques, skills and tools essential for computing practice. An capability to apply mathematical foundations, algorithmic principles and computer science theory in the modeling and design of computer based systems in a way that demonstrate knowledge of the tradeoffs involved in design choices. An ability to apply design and development principles in the construction of software systems of varying complexity.</p>
<p>Programme specific outcome</p>	<p>capability to apply the knowledge gained during the course of the program for mathematics, basic computing ,basic science and social sciences in general and all computer science courses in particular to identify ,devise and solve the real life complex engineering problems based in industries and /or during research work with due consideration for the public health and safety in the context of cultural, social and environmental situations .Ability to provide socially acceptable techinal solutions to complex computer science engineering problems with applications of modern and appropriate techniques for sustainable development relevant to professional engineering practice. aptitude to apply the knowledge of ethical and management principles required to work in a team as well as to lead a team. Ability to comprehended and write effective project reports in multi disciplinary environment in the context of changing technologies.</p>
